

# Mary's Meals

a simple solution to world hunger  join the movement

**Our vision** is that every child receives one daily meal in their place of education and that all those who have more than they need, share with those who lack even the most basic things.

## Our idea is a simple one that works:

We provide a daily meal in a place of education to attract chronically hungry children into the classroom where they receive the education that could be their route out of poverty

## These nutritious Meals...

...help  
children  
concentrate  
in class

...encourage  
children to come  
to school

...and give  
them energy  
to learn and  
play

Each meal,  
in a place of  
education,  
costs just  
**11 cents**

It only costs  
**\$21.00** to feed a  
child for an entire  
school year

We are now  
feeding **2,058,099**  
children every  
school day

Since the **Mary's Meals** campaign was born in **2002** it has grown into a global movement that feeds children in **20 countries** and is supported by countless **little acts of love** around the world.
